

DOKUMENTASI INSTALL PLUGIN

(Plugin Install Documentation)

1. Kunjungi website resmi iPaymu di <https://ipaymu.com/> , lalu pilih **Doc API -> Download Instant Plugin**

Visit the official iPaymu website at <https://ipaymu.com/> , then select **Doc API -> Download Instant Plugin*

2. Pilih plugin iPaymu sesuai yang anda butuhkan. Di iPaymu, kami menyediakan plugin untuk WP Woo Commerce, Open Chart 3.x, and Prestashop 1.x
*** Choose your iPaymu plugin according to what you need. At iPaymu, we provide plugins for WP Woo Commerce, Open Chart 3.x, and Prestashop 1.x**

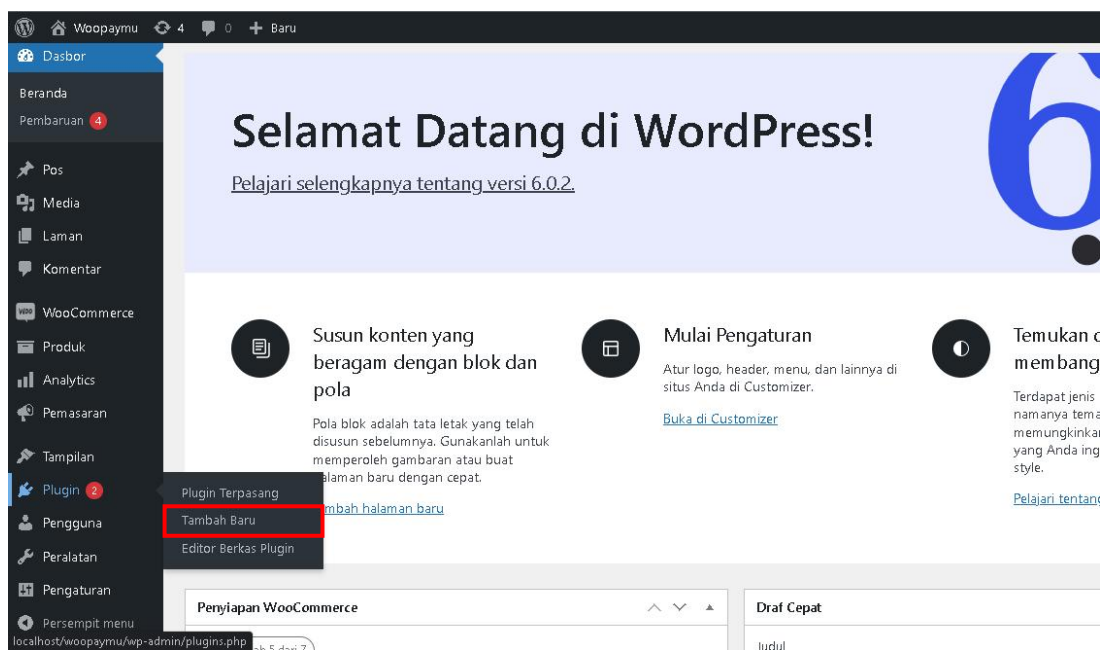

a. WP Woo Commerce

Ikuti cara dibawah untuk install plugin WP Woo Commerce :

* Follow the steps below to install the WP Woo Commerce plugin:

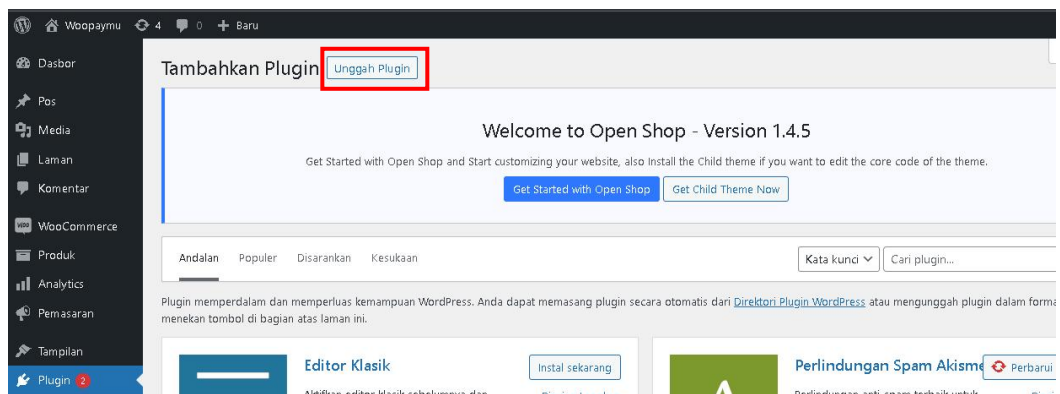

1. Login ke dashboard Wordpress anda, kemudian pilih menu **plugin -> tambah baru**.

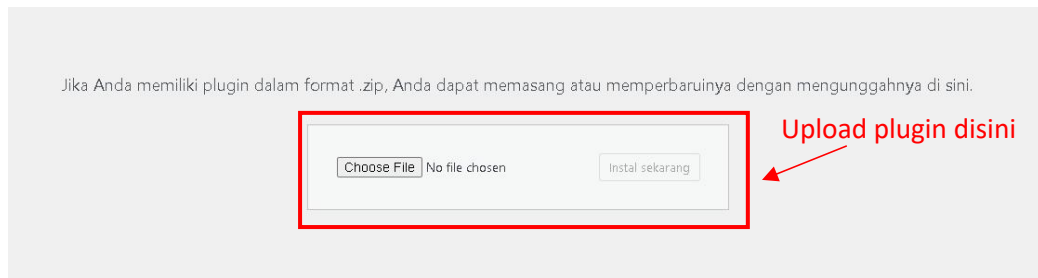

* Login to your WordPress dashboard, then select **the plugin menu -> add new**.

2. Klik unggah plugin, dan unggah plugin yang anda download dalam bentuk **.zip**

* Click upload plugin, and upload the plugin you downloaded as **.zip**

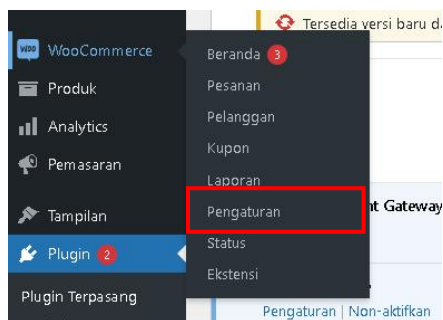

3. Jika plugin berhasil terpasang, plugin akan terlihat di menu **Plugin Terpasang**, lalu aktikan plugin.

* If the plugin is successfully installed, the plugin will be visible in **the Installed Plugins** menu, then activate the plugin.

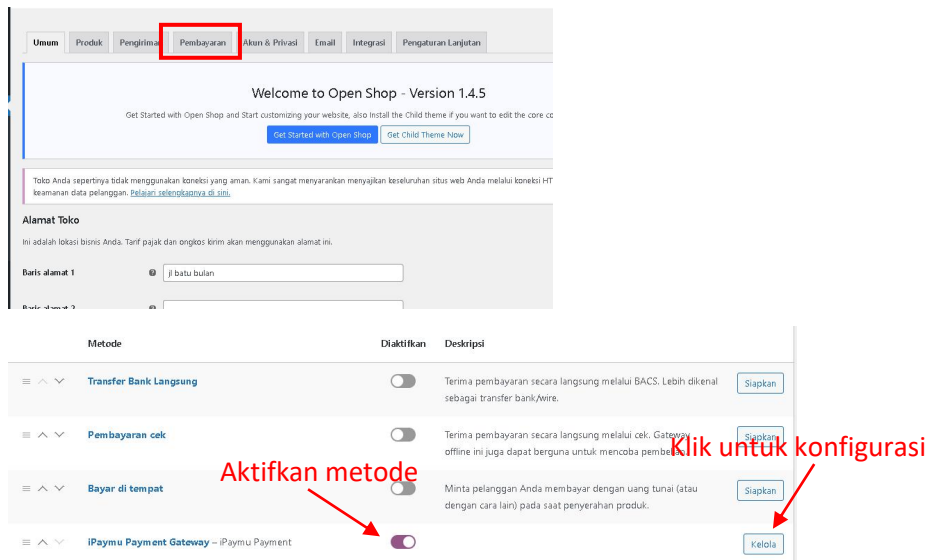

4. Setelah itu, pilih menu **WooCommerce -> Pengaturan**

*Then choose **WooCommerce Menu -> Setting**

5. Pilih tab menu **Pembayaran**, aktifkan metode pembayaran **iPaymu Payment Gateway** dan klik tombol **kelola** untuk konfigurasi plugin

* Select the **Payments** menu tab, activate the **iPaymu Payment Gateway** payment method after that click **the manage** button to configure the plugin

6. Isi form yang muncul setelah klik **kelola** sesuai data toko anda. Untuk API Key anda, dapat dilihat di dashboard iPaymu.

***Fill in the form that appears after clicking **manage** according to your store data. For your API Key, it can be seen on your iPaymu dashboard.**

Title	<input type="text" value="Pembayaran iPaymu"/>
Description	<input type="text" value="Sistem pembayaran menggunakan iPaymu."/>
Mode Sandbox/Development	<input type="checkbox"/> Aktifkan Mode Sandbox/Development <small>Mode Sandbox/Development digunakan untuk testing transaksi, jika mengaktifkan mode sandbox Anda harus memasukan API Key</small>
API Key	<input type="text" value="Q8cl1vwgBllSszj7MqW8cmRH3pDP1"/> <small>Dapatkan API Key Production di sini, atau API Key Sandbox di sini.</small>
Waktu Redirect ke Thank You Page	<input type="text" value="60"/> <small>Dalam hitungan detik. Masukkan -1 untuk langsung redirect ke halaman Anda.</small>
Url Thank You Page	<input type="text" value="http://localhost/woopaymu/checkout/order-received/"/> <small>Link halaman setelah pembeli melakukan checkout pesanan.</small>

7. Jika toko anda dalam mode sandbox, centang checkbox **Mode Sandbox/Development**

*** If your shop is in sandbox mode, tick the checkbox **Mode Sandbox/Development****

Mode Sandbox/Development	<input type="checkbox"/> Aktifkan Mode Sandbox/Development <small>Mode Sandbox/Development digunakan untuk testing transaksi, jika</small>
--------------------------	---

8. Jika anda ingin melakukan custom untuk halaman “Terimakasih” (halaman yang muncul setelah checkout), anda tinggal memasukan URL link halaman tersebut disini.

* If you want to custom your “Thank You” page (the page that appears after checkout), all you have to do is fill in the page URL link here.

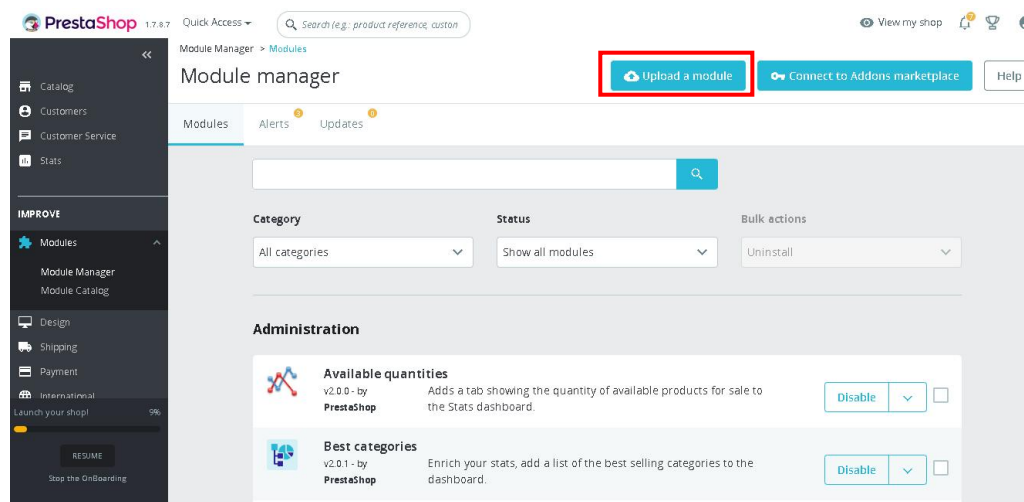

Title	<input type="text" value="Pembayaran iPaymu"/>
